

Electronic Components

Elatec Vertriebs GmbH was founded in 1988 and has approx. 50 employees. The company is divided in the following business units:

RFID Electronic Components Cards & Services

The *RFID* division develops and distributes components and customer-specific system solutions for all application areas and all frequency ranges from 125 KHz to 5.8 GHz. The *Cards & Services* division offers cards for telecommunications (GSM and prepaid), banking (credit, debit, and EMV chip cards), and other card-based solutions.

Elatec operates branch offices in 9 European countries but serves many other countries through a dedicated Distribution-network.
